TO WHOM IT MAY CONCERN

We at Mmausi Production and Entertainment assure your office that we will be hosting our Festival in all mentioned cultural villages.

For now we had a verbal agreement with the organization to work hand in hand with us to promote our culture and heritage Around our province.

Once we are approved that's when then will offer us the letters as they said that they will agree on something they see happening, the delay of letters is aging due to Covid 19 as people work from their homes.

Hope you take this into consideration.

Thanks in advance

***Yours in music
